Dear Thomas,

No parent should have to choose between giving their child a laptop to complete school work or making their rent payment. Luckily, because of your generosity to Union League Boys & Girls Clubs, our parents don't have to make that incredibly difficult choice.

Parents just want to see their children succeed; and because of your gift of \$500.00, they'll be able to. At Union League Boys & Girls Clubs, we are pivoting to providing daytime programming to our youth so they have the opportunity to stay on track with their virtual learning, encouraged, assisted, and guided by trained youth development professionals in a safe, familiar, and fun environment.

We know everyone is anxious with the current state of the world and our daily lives. You've been able to take one thing off our parents' plates; navigating their children through virtual schooling. They'll have the security of knowing that during the school day, their kids will be at their Boys & Girls Club, surrounded by peers and trusted adults. Combined with our meal distribution to members, mental health services, and providing PPE to ensure our youth, staff, and volunteers are safe, you're helping our communities in more ways than one.

Thank you for your generosity to Union League Boys & Girls Clubs. As we continue to serve the Chicago youth who need us most, we thank you for stepping up and supporting them on their way to great futures. Should you have any questions about your gift or ULBGC, don't hesitate to contact my team at development@ulbgc.org or 312-583-9924.

With gratitude,

Mary Ann Mahon Huels
President & CEO
